

Gregory Library Media Center

Dear Parents and Guardians,

In the next few weeks, your child will begin to borrow books from the school library. We encourage you to share in this important event for your child.

We have been preparing for this special day during your child's regular class visits by explaining library manners and the proper way to care for books. You can also help your youngster to develop a sense of responsibility for the care of books by putting them away in a "special, safe place," keeping them clean and in good condition, and returning them on your child's next library class visit.

We have been busy reading stories and talking about books. When your child takes a book home, please encourage him/her to read as many of the words in the book as possible, to discuss the illustrations, and to talk about the story. Reading is a lifetime habit and it is best begun at an early age.

If you have any questions about our library program, please contact us. For more information about our library program, please visit our Web site shown below click on our school, and then click on the Library Media Center link:
